WATER CRAFT POLICY

All patrons who rent FSS asset watercraft and paddle craft (manually propelled) must wear an appropriate Type I, II, III or Type V wearable personal floatation device (PFDs) while underway. This requirement is included in AFI 34-101 for watercraft but we are locally extending that to all paddle craft which includes paddleboats, canoes, and kayaks. The Texas Water Safety Act does not require PFDs be worn by mariners over the age of 14 on paddle craft, failure to comply will not result in law enforcement involvement. Personal flotation devices (PFDs) will continue to be included with all rentals for all passengers and FSS employees will diligently monitor patron use. Failure for patrons to wear PFDs will result in loss of privileges of the rented item and a refund will not be issued to the patron.
